11.1 **MOTION:** *Request adoption of a resolution regarding the intent to levy the equity adjustment for the 2026 tax year as allowed by section 3-14.3 of the Illinois Public Community College Act*

Discussion: Section 3-14.3 of the Illinois Public Community College Act makes provision for districts which are eligible to receive equalization grants, and which have an operating tax rate below the statewide average to levy this amount, subject to public notice of such intention to be published as required by law. Each year the Illinois Community College Board certifies the eligibility of districts to levy this amount; a copy of this ICCB action for the 2026 levy is attached. The amount for which John Wood Community College is eligible equals an equity tax rate of 4.97 cents.

Since this tax is subject to public notice, the attached resolution needs to be adopted by the Board of Trustees declaring its intent to levy and allow those who would object to file a petition referendum. The notice must be published and allow 30 days for receipt of a petition (representing at least ten percent of registered voters in the district) after publication.

Determination of Residency

To be classified as a resident of the District or the State of Illinois, students must have occupied a dwelling within the District or the State of Illinois for at least 30 days immediately prior to the date established by the district for classes to begin each term. Students who do not meet the 30-day requirement may not become residents simply by attending classes in the district for 30 days or more. However, if the student can demonstrate through documentation a verifiable interest in establishing permanent residency, the 30-day requirement may be waived.

In determining residency status, the College will consider all relevant factors. No one factor is to be determinative. Rather, a variety of factors are to be considered.

A student is in the College District if he or she resides in one of the following school districts commonly known as: Bluffs, Brown County, Central, Griggsville-Perry, Liberty, Meredosia-Chambersburg, Payson, Pikeland, Pleasant Hill, Quincy, Southeastern, Unity, or Western. Students who attended Southeastern High School but live in the former Plymouth School District are residents of the Carl Sandburg College District and should contact Carl Sandburg's Admissions Office.

The President, in cooperation with the Dean, Students and Enrollment Management, assumes the overall responsibility for the administration of all activities related to this policy.

Exceptions

Special state provisions (cooperative agreements, employment exceptions, etc.) and/or grant requirements may require the College to make exceptions to residency status to the students.

Reporting

Material issues related to this policy shall be reported to the Board of Trustees by the College's President and/or Dean, Students and Enrollment Management at such times and in such format as determined appropriate, with emphasis on expediency.

Responsibilities

RE: Deters Farm Lease

BACKGROUND:

Since 1996 John Wood Community College has had a cash rent farm lease for real estate not needed for college purposes at the 48th & Harrison St. campus site. The college renewed this lease last November; however, they have requested a change in names on the lease. No other changes have been made, and the term will be the remainder of the lease. It is recommended that the Board of Trustees authorize the College to renew the cash rent farm lease with a change in names from Michael and William Deters to Michael and Gregory Deters.

FUNDING SOURCE: N/A

STRATEGIC INITIATIVE: N/A

PRESIDENT'S RECOMMENDATION:

I concur with the recommendation and request the Board of Trustees authorize the College to renew the cash rent farm lease with Michael and Gregory Deters.

Mission: JWCC enriches lives through learning by providing accessible educational opportunities and services at an exceptional value.

Vision: JWCC will be the community's partner and leader in education, workforce training and lifelong learning.

Core Values: Excellence Accountability Integrity Servant Leadership Lifelong Learning

FARM LEASE

This Lease is made as of the 18th day of November, 2026, by the BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 539, COUNTIES OF ADAMS, PIKE, HANCOCK, CALHOUN, SCHUYLER, BROWN, MORGAN, SCOTT AND CASS, AND STATE OF ILLINOIS, commonly known as JOHN WOOD COMMUNITY COLLEGE, an Illinois Public Community (herein "Owner") and Michael G. Deters and Gregory J. Deters, not as tenants in common but as joint tenants with rights of survivorship (herein "Tenant").

For valuable consideration, the parties to this Lease agree to the following provisions:

1. DESCRIPTION:

   A. TILLABLE ACRES: Owner leases to Tenant, to use and to occupy for crop farming purposes only, those tillable and currently farmed portions of the real estate being the John Wood Community College main campus (including real estate acquired in 2025), located in Section Nine (9), Township Two (2) South of the Base Line, Range Eight (8) West of the Fourth Principal Meridian, Adams County, Illinois, being a total of 26.87 acres, and consisting of three fields, respectively, 3.5 acres, 6.64 acres, and 16.73 acres and sometimes referred to as the "land."

   B. RESERVATIONS IN GENERAL: In addition to the other reservations of this Lease including, for example, those set forth in paragraph 9, Owner reserves all rights with respect to the land not inconsistent with this Lease. It is specifically understood that this Lease does not cover adjoining real estate owned by Owner.

2. LENGTH OF TENURE:

   A. LIMITED TERM: This Lease shall be for three (3) crop years from the 1st day of March, 2026 until the 2028 crop is harvested, but in no event later than the last day of February, 2029.

   B. WAIVER: This Lease shall terminate automatically and without any written, other or further notice to Tenant. The requirement to give notice pursuant to Section 9-206 of the Illinois Code of Civil Procedure (735 Illinois Compiled Statutes 5/9-206) or otherwise by law, rule, regulation or custom, is waived. This Lease shall not continue unless extended in writing.

   C. CANCELLATION BY TENANT: Although this Lease is for multiple years, Tenant may cancel this Lease at any time prior to March 1st. Such cancellation will then apply with respect to any subsequent year or years of the Lease.

3. CASH RENT:

A. AMOUNT: Tenant agrees to pay Owner annual cash rent of One Hundred and Sixty Dollars ($160.00) per acre.

B. PAYMENT:

1.) The cash rent for each year will be due and payable in one (1) installment. The rent will be due and payable annually and respectively on or before December 1st, 2026, 2027, and 2028.

2.) Owner may, in Owner's discretion, waive receipt of payment of the cash rent for any year for which a crop is planted and, instead, have Tenant prepare for seeding and seed the farmed acres after a crop is harvested. Specifically, if elected by Owner, Tenant will disk and harrow the farmed acres specified and then seed the area with grass seed. Such work and seed would be at Tenant's cost and would be completed, weather permitting, on or before May 15th of that year. The area involved thereupon would be taken out of production.

C. TIMELINESS: The time for payment of rent is of the essence. In addition to any other remedy of Owner, if Tenant fails to make timely payment in full when and as due, Tenant shall also pay interest on the unpaid amount at a rate of one and one-half percent (1-1/2%) per month until paid and fees or expenses of collection.

D. PLACE: Rent shall be paid to John Wood Community College in care of the Dean of Business Services & Institutional Effectiveness at 1301 South 48th Street, Quincy, Illinois, 62305, or as Owner may otherwise direct.

E. NO DISASTER ADJUSTMENT: No disaster adjustment is included, but Owner suggests that Tenant consider obtaining risk management tools if and as desired.

4. FARM OPERATING AND OTHER EXPENSES:

A. OWNER'S OBLIGATIONS: Owner agrees to pay all real estate taxes relative to the land, if any.

B. TENANT'S OBLIGATIONS: Tenant will provide all of the labor, hauling, fuel, power, farm machinery and equipment, and also pay all the farm operating expenses (such as seed, fertilizer and chemicals) and other expenses reasonably required to use the land for the purposes intended or to perform the terms of this Lease except real estate taxes to be paid by Owner.

5. OPERATION AND MAINTENANCE OF FARM: In order to operate the farm efficiently and to maintain it in its highest state of productivity, Tenant agrees as follows:

A. GENERAL OBLIGATIONS: Tenant will process, occupy and diligently farm the land during the term of this Lease, and surrender possession and occupancy of the premises peaceably at the termination of this Lease.

B. MAINTENANCE OF IMPROVEMENTS:

1.) Tenant will keep the drains, tiling and any other improvements, if any, on the farm in as good of repair and condition as they are when Tenant takes possession, and in as good of repair and condition as they may be put during the term of the Lease, ordinary wear and tear accepted.

2.) The rules regarding repairs shall apply except damages caused by motor vehicles of others. For motor vehicle damage by others, repairs will be shared unless covered by insurance.

C. WEEDS: Tenant will control and keep the weeds and grass cut on the land, roadsides, fence rows, waterways, and use diligence, chemicals or other customary means to prevent noxious weeds, shatter cane or thistles from growing or going to seed on the land. The areas where weeds and other items are to be controlled include the tillable acres and the immediately adjacent areas such as roadsides and fence rows.

D. ORDERLINESS: Tenant will keep the land and all improvements in a neat and orderly condition.

E. WATERWAYS: Tenant will preserve established water courses, tile drains, tile outlets, grass waterways and terraces and refrain from any operation that will injure them.

F. INSURANCE: Tenant will obtain public liability insurance relative to Tenant's activities on the land. The insurance shall provide coverage at not less than $250,000.00 per accident and in the aggregate and shall name the Board of Trustees of Community College District No. 539, Counties of Adams, Pike, Hancock, Calhoun, Schuyler, Brown, Morgan, Scott and Cass and State of Illinois, commonly known as John Wood Community College, as an additional named insured. A certificate of insurance will be furnished.

G. NO CATTLE OR LIVESTOCK: Tenant may not keep or allow cattle, livestock, or other animals on the premises. Manure shall not be applied to land. Crop farming only is permitted.

6. MANAGEMENT AND BUSINESS PROCEDURES: The Owner and the Tenant agree that they will observe the following provisions:

A. GOVERNMENT PROGRAMS: Tenant may enter into governmental programs designed to aid agriculture and be entitled to payments thereunder. However, no obligations thereunder shall be Owner's responsibility or continue beyond the term of this Lease.

B. NO WINTER WHEAT, ETC.: Unless this Lease has been extended, no right is granted to do fall work, plant winter wheat or hay, or the like, that would require access after the date this Lease terminates. If any such work is done, Tenant shall not be entitled to any reimbursement for the same. Fall work, planting winter wheat or hay, or the like may be done after the 2026 (current year), 2027, and 2028, crops are harvested and, if a

subsequent lease is entered into in writing, after the 2028 crops are harvested as provided in such lease.

C. EPA, ETC: Tenant will follow best practices to comply with the rules, regulations and requirements of the Environmental Protection Agency, the Department of Agriculture, or other agencies regarding the use of chemicals, herbicides, pesticides or other products, and farming activities.

D. IMPROVEMENTS: Any improvements made to the land by the Tenant shall belong to Owner. Tenant shall not be entitled to any reimbursement therefore upon expiration or termination of this Lease.

7. SOIL CONSERVATION:

A. GENERALLY: Both Owner and Tenant affirm the goals of minimizing soil erosion losses and preserving the productivity of the land. To these ends, Tenant agrees to implement as far as possible appropriate crop rotation and, also the best management practices recommended by applicable soil conservation services and to cooperate with such agencies' soil and water conservation programs. At a minimum, corn and beans will be rotated.

B. TERMINATION: Upon the termination of this Lease, neither party shall be entitled to reimbursement for any shortage of fertilizers on the property or any fertilizers remaining on the property. However, Tenant shall use recommended or sufficient fertilizer so that levels existing at the commencement of the Lease are not unreasonably reduced.

8. DEFAULT: If either party fails to carry out substantially the terms of this Lease in due and proper time, each such party shall be entitled to all remedies permitted under the law. Before this Lease is terminated by a party, such party shall serve a written notice upon the other party citing the instance(s) of default. Such notice shall be given at least thirty (30) days in advance of termination in all cases other than non-payment of rent in which case the notice shall be given at least fifteen (15) days in advance. During the notice period, the defaulting party may cure the default and thereby reinstate the Lease.

9. OWNER'S RIGHT OF ENTRY/REMOVAL FROM PRODUCTION:

A. GENERALLY: Owner reserves the right, at any time, to enter the land or any portions thereof in Owner's discretion for purposes of viewing them, soil testing, making repairs, constructing improvements, to use land for borrow, surveying, and for any other purposes in its discretion.

B. REMOVAL FROM PRODUCTION BEFORE PLANTING: Owner reserves the right at any time and in its sole discretion to remove any or all land leased hereunder from production where it will be used for community college, governmental, or for any other non-farming purposes Owner shall determine. No crop damages will be paid in such event, but Tenant will be paid a reasonable amount for land preparation done, if any, prior to being given notice of such removal based on University of Illinois Extension Service determined average custom rates. Cash rent will be reduced based on the acreage removed from production. No payment will be made for chemicals or fertilizers applied.

C. REMOVAL FROM PRODUCTION AFTER PLANTING: Should the Owner remove land leased from production after Tenant has planted a crop, the cash rent will be paid but crop damages will be paid for the crops as if mature and sold on the date or dates of damage or land removed from production at ADM's nearest elevator.

D. CROP SEVERANCE: Following severance of crops in 2028 (or before March 1, 2026) or earlier, if land is removed from production, Owner shall have full use of such portions of the land where crops have been harvested unless otherwise provided by separate written lease or agreement.

E. ADDITIONAL RESERVED USE: In addition to such other rights as are reserved by Owner, Owner expressly reserves the right to utilize or allow others to utilize the land (or any part thereof) for community college, recreational, and other purposes in Owner's discretion. No adjustment will be made to the cash rent due or crop damages paid provided that such use does not unreasonably affect adversely Tenant's ability to utilize the land for farming purposes as contemplated by this Lease. If affected, the same provisions will apply as in the case of removal of land from production. It is anticipated that such use would occur, if at all, after crops are harvested and before the next planting. Soil compaction even after fall land preparation will not be considered as unreasonably affecting adversely Tenant's ability to utilize the land for farming purposes.

10. OWNER'S LIABILITY: The Tenant takes possession of the land subject to the hazards of operating a farm and assumes all risk of accidents to Tenant or Tenant's owners, employees or agents in pursuance of Tenant's farming operations or activities.

11. INDEMNITY: Tenant agrees to indemnify and hold Owner, its beneficiaries, and the property of Owner, free and harmless from any and all claims, liabilities, losses, damages or expenses resulting from Tenant's occupancy and use of the premises or those having access because of such use.

12. ASSIGNMENT: Tenant may not voluntarily or involuntarily assign, transfer, sublease or sublet the land or any part thereof without Owner's prior written consent for any purpose, including but not limited to security. This is intended to be a personal service contract.

13. BINDING EFFECT: This Lease shall be binding upon and shall inure to the benefit of the respective parties and their respective heirs, legal representatives, successors and assigns.

[Signatures follow on subsequent page.]

IN WITNESS WHEREOF, the parties have duly executed this Lease as of the day and year first above written.

RE: Curriculum Items

I am requesting approval of the curriculum item(s) listed below. The items have been approved by the Curriculum Committee of the Faculty Senate as well as the Faculty Senate.

❖ Biology

- The Natural Sciences Department has proposed a new three credit hour life science course in human nutrition. The course has no lab component and gives students, particularly those pursuing fields outside the sciences, another option for earning science credit.

  Initially offered online, the course will introduce the scientific principles of human nutrition and examine how nutrients maintain health and support normal physiological functions. The department plans to add the course to the Health, Physical Education and Recreation (HPR) pathway.

❖ Business

- The Curriculum Committee approved the removal of BUS 231 Consumer Behavior from the Business Management (AAS) degree due to a lack of student interest. The course was last offered in 2014 as an independent study.

  This change reduces the degree requirement from 64 to 61 credit hours, bringing the program closer to the 60-credit-hour goal identified in Illinois Community College Board (ICCB) guidance. The revised pathway retains courses that assess program learning outcomes.

❖ Industrial Maintenance

- The proposed curriculum change renumbers IMT 110 as IMT 130 to clarify the typical course sequence. IMT 120 has historically been offered during the first eight weeks of the semester, followed by IMT 110 during the second eight weeks. The current numbering has caused confusion for students and faculty because it suggests the

reverse order. The new numbering will make the sequence clearer and support academic advising.

Faculty and the Advising Office support the change, which was also recommended by the Illinois Community College Board (ICCB). The proposal changes only the course number. Course content and instruction remain the same, and IMT 120 remains before IMT 130.

I concur with Dr. Jill Compton request and recommend the Board of Trustees approve the above curriculum items.

RE: Truth in Taxation

BACKGROUND:

Attached is a Resolution Regarding the Truth in Taxation Law, which John Wood Community College is required to have the Board of Trustees adopt prior to the passing of a tax levy. John Wood Community College does not intend to increase the tax levy by more than 105% of last year's levy, so a hearing is not required as part of the Truth in Taxation Law requirement.

The proposed aggregate levy for the JWCC District is $9,213,835 which represents the amount of collectible property tax we intend to levy on the district. The taxable rate for the tax year 2026 is anticipated to be $0.32848 per $100 of equalized assessed valuation.

It is requested that the Board of Trustees adopt the attached Resolution Regarding the Truth in Taxation Law.

Resolution Regarding the Truth in Taxation Law (Hearing Not Required)

WHEREAS, the Truth in Taxation Law (35 Illinois Compiled Statutes 200/18-55, et seq.) provides, in part, that not less than twenty (20) days prior to the adoption of the aggregate levy, the corporate authority of each taxing district, including the Board of Trustees of Community College District No. 539, Counties of Adams, Pike, Hancock, Calhoun, Schuyler, Brown, Morgan, Scott, and Cass and State of Illinois, shall determine the amounts of money, exclusive of any portion of that levy attributable to the costs of conducting an election required by the general election law, estimated to be necessary to be raised by taxation for that year upon the taxation property in its district; and,

WHEREAS, the said Truth in Taxation Law further provides that if the estimate of the corporate authority so made is more than 105% of the amount extended or estimated to be extended upon the levy of the preceding year, exclusive of election costs, which has been extended or is estimated to be extended, plus any amount abated by the taxing district before extension upon the final aggregate levy of the preceding year, the corporate authority shall give public notice of and hold a public hearing on its intent to adopt a levy in an amount which is more than 105% of the extensions, plus any amount abated, exclusive of election costs for the preceding year; and,

WHEREAS, the Board of Trustees of Community College District No. 539, Counties of Adams, Pike, Hancock, Calhoun, Schuyler, Brown, Morgan, Scott, and Cass and State of Illinois, has estimated that the amount necessary to be raised by taxation for the real estate tax year of 2026 is not more than 105% of the amount extended or estimated to be extended upon the levy of the preceding real estate tax year of 2025, exclusive of election costs.

NOW, THEREFORE, IT IS HEREBY RESOLVED BY THE BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 539, COUNTIES OF ADAMS, PIKE, HANCOCK, CALHOUN, SCHUYLER, BROWN, MORGAN, SCOTT, AND CASS, AND STATE OF ILLINOIS, as follows:

SECTION 1. ESTIMATED LEVY: This Board hereby determines that the amounts of money, exclusive of the costs of conducting an election required by the general election law, estimated to be raised by taxation upon the taxable property of the district for the real estate tax year of 2026 is $9,213,835 which is also the proposed “aggregate levy” of the district for such year (that is, corporate and special purpose monies).

SECTION 2. NO HEARING SCHEDULED: In view of the determination of the estimated levy, it is not necessary to schedule, give notice of or hold a public hearing on the intent of the Board to adopt a levy.

SECTION 3. EFFECTIVE DATE: This resolution shall be in full force and effect immediately upon its passage.

DATED: This 18th day of November 2026.
