

PROGRAMS OF STUDY

Associate in Arts and Associate in Science Degrees--Model

Students pursuing an associate in arts (AA) or an associate in science (AS) degree are encouraged to follow the general education sequence model outlined below:

NOTE: Only students who do not need additional coursework and who take the number of credits or courses as listed each semester can complete the program in the time given. Others will take longer to complete. Students majoring in the hard sciences or engineering or preparing for medicine or pharmacy will be unable to graduate in two years taking 16 credit hours per semester. These students will most likely take a minimum of 18 credit hours per semester or graduate in three years.

SUGGESTED AA/AS DEGREE PLAN
