

How to setup Multifactor authentication at JWCC

On campus: Must use Firefox – Other browsers like Chrome or Internet Explorer will autologin when on campus on JWCC computer

Off campus: Can use any browser

1. Login to JWCC **Email** through Blazernet <https://blazernet.jwcc.edu/>
2. After logging in, you will be prompted to **configure a mobile number** to receive text message codes and optionally answer security questions

Welcome to our login service. If you are having difficulty, please contact our [Helpdesk](#)
