

HONORLOCK TESTING

Honorlock is a remote testing service intended to ensure the integrity of coursework. It may be required for students in some classes. It is monitored by an outside party and is not part of the JWCC testing room.

Two study cubicles in the Library on the Quincy Campus have been set aside for use by students who cannot complete an Honorlock exam at home.

RESERVATIONS ARE REQUIRED and are available only during regular Library Operating Hours on a first come, first served basis. Contact **Becky Will, 217-641-4527**, to make a reservation.

The student should come prepared for the exam and any log-in questions should be directed to your instructor before coming to campus.

For more information about Honorlock, visit their [Student Information page](#).
