

Section A: Student Information

Last Name	First	Middle	JWCC Student ID	Social Security Number
Permanent address (Include apartment number)			E-mail Address	
City	State	Zip Code	(Area Code) Phone Number	

For 2022-2023 award year, a student is automatically independent if he or she meets one of the dependency criteria listed on the Free Application for Federal Student Aid (FAFSA). Students who do not meet one of these standards are dependent by federal regulations and must include parents' information on the FAFSA form. If you believe circumstances warrant you being considered independent of your parents, this form provides instructions to petition for independent status. Unusual circumstances are cases such as an abusive family environment, or abandonment by parents where attainment of parental financial documents or support is impossible.

Section B: Appeal Information

If you believe extenuating circumstances exist and would like to be reviewed for a dependency appeal by the Financial Aid Office, you must explain and document the circumstances.

The following are NOT considered exceptional circumstances:

- Parent(s) refusing to provide data on the FAFSA or for verification
- Parent(s) are unwilling to provide information on the FAFSA or the verification process
- Parent(s) do not claim the student as a dependent for income tax purposes
- Students who demonstrate total self-sufficiency
- Students do not reside with their parent(s)

A student will not be independent solely because he/she is self-supporting, is unwilling to accept parental assistance, or because a parent is unwilling to provide the financial data or support. John Wood Community College will not make a student independent based on the student being declared independent by another college/university.
